

Educational Visits Co-ordinator (EVC) Update Briefings – Autumn 2018

As part of our commitment to improve the support for off site visits and outdoor education we are continuing to offer a series of network meetings to support EVCs.

There is significant good practice across Devon which we feel should be shared and these meetings will provide a forum for discussion and debate about the policy and practice of EVC work.

Since secondary schools offer a wide range of overseas trips which are often complex and for extended periods of time, we have decided to offer separate secondary school and primary school sessions.

TRAINING REQUIREMENTS

It is not expected for EVCs to attend EVC training every 3 years but to attend these half day network meetings as a means of keeping up to date and improving visit management. There will be 2 meetings per year in each area and attendance at one meeting per term is included as part of the Outdoor Education support subscription.

New EVCs are still expected to attend a 1 day EVC course.
